We are writing to you about your Social Security benefits.

What You Should Know

We changed your monthly benefit to \$2,904.00 as of January 2024. We found that your prior amount was incorrect.

We changed your benefit amount to give you credit for your 2023 earnings. We did not include these earnings when we figured your benefit amount before.

What We Will Pay And When

We pay Social Security benefits for a given month in the next month. For example, Social Security benefits for March are paid in April.

- You will receive \$36.00 around October 18, 2024.
- This is the money you are due through September 2024.
- You will receive \$2,729.00 for October 2024 around November 13, 2024.
- After that you will receive \$2,729.00 on or about the second Wednesday of each month.

Information About Medicare

We will continue to deduct the Medicare Part B (medical insurance) premium of \$174.70 from your payments.
